For an extensive packet of information on the American Recovery and Reinvestment Act and what it means for New Jersey, please click here.

The American Recovery and Reinvestment Act was signed into law on February 17th, 2009. The legislation, known to many as the stimulus, is intended to provide the economy with a boost and make investments in infrastructure and services. It contains funding for:

- Clean, Efficient, American Energy
- Science and Technology
- Modernizing Roads, Bridges, Transit and Waterways
- Education
- Tax Cuts
- Health Care
- Helping Workers Hurt by the Economy
- Protecting Vital Services

John was proud to have voted in favor of this legislation, which will create jobs, cut taxes for middle class families, seniors and small businesses in our area. You can visit http://www.recovery.gov or http://www.nj.gov/recovery for more information on the bill.
